RE: 56 Chesswood Court, Lake Jackson

Dear Jim,

I saw that Jose had been back and finished the trim and painting on our new entry door. The finished job is fantastic and well worth the investment. I appreciate your diligence in following up to make sure the door was installed correctly and our satisfaction assured.

I would gladly recommend you to our friends who might be interested in a product manufactured by your company. In fact, a couple of our neighbors have asked who installed the door and we have given them your card.

Thank you for your help in this remodeling job.

Sincerely,

Greg Flaniken
